The library welcomes everyone.

At the library you can find books for children and adults in different languages, newspapers, magazines, language courses, social information, music, films, computers etc.

Borrowing books at the library does not cost you anything.

To borrow books you need a library card. The library card is free.

Normally, books can be on loan for weeks, but this can vary. Check your receipt!

You are responsible for the books that you borrow. If you lose the books, if they are damaged or if you return them too late you may have to pay the library.

If you cannot find what you are looking for at the library, for example books in your language, ask the staff. The library can often find what you are looking for by ordering or borrowing books from other libraries.

Visit the library's website! Here you can search the library's catalogue of books. You can also reserve books, see what books you have borrowed, renew books etc.

The library's website is

Please ask the staff if you need help or if you have any questions!
